**Website:** Needs to be updated – Ric?

**BCC brochure:** Investigate samples from other town conservation commissions. Cathie will consider content options and prepare a rough draft. Town of Hartford CC has good website and newsletter as reference.

**Burke Mt – Act 250 Review:** This is a potentially large issue for the BCC. Several BCC members attended the Act 250 hearing in December and others were encouraged to attend the upcoming hearing later this month. BCC members had several questions/issues relating to the group's role in this process:

How do we describe BCC role as "friend of the commission" with regard the Act 250 process?

Are we to/can we submit written questions?

May we request a separate site visit for BCC to see resources first-hand?

Can we get a site plan for our use?

We will discuss these issues in greater depth at our February meeting.

Respectfully submitted,  
Mark Maghini, Recorder
